Overview

Dov Kram LTD offers comprehensive project oversight and supervision, project management and high end construction services in Israel that meet the needs and expectations of the most discerning clientele.

Planning and Permits

Dov Kram LTD assists with all aspects of managing the planning and permit approval process leading to the start of project construction.

- Planning, Selection and Engaging of consultants and engineers.
- Management of permit expediting via permit expeditor and outside consultants.
- Organizing and managing the bidding process via the gathering and reviewing of materials and sending them out to qualified service providers and then reviewing and comparing their submitted proposals.

Services Include:

- Translation in summary of Hebrew documents and in meetings as needed.
- Regular communication with clients and/or their representatives in person, by phone or video conferencing.
- Detailed review of all plans and specifications.
- Regular submission of status updates.
- Review and approval of payment requests submitted by outside professionals engaged in the project.
- Negotiation of costs and terms as is relevant.

Phase 1 - Planning and/or Permitting Fee:

- Engaging the necessary engineers, consultants and service providers including but not limited to the architect, interior designer and landscape architect for this phase of the project to work to prepare all necessary documents to proceed to the next phase of the project.
- Collaboration with all engaged professionals and in depth review of planning as it takes place to ensure synchronicity and efficiency of the planned designs.

Phase 2 - General Contracting:

Dov Kram LTD acts as the general contractor, providing a single point of contact with turn-key service, encompassing all that is required to execute the planning and execution of the project.

This includes but is not limited to:

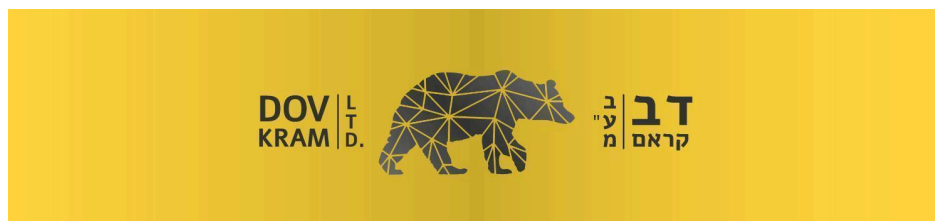

- Engaging the necessary engineers and consultants, coordination of materials supply and direct construction services to ensure that all works are executed correctly and to the highest possible standards in the shortest possible time frame while not sacrificing the quality of the work and without the need to employ multiple individual professionals to complete the project.
- Negotiating pricing and terms with any and all service and material suppliers to ensure the best prices and terms are secured to keep costs down with the goal of saving the client more than the total cost of the general contracting service fee.

This is achieved by:

- Eliminating the need to engage other professionals to manage and supervise the process
- Not accepting or providing 'kick-backs'
- Full transparency
- Employing a well established network of like minded professionals
- Adherence to strict halachic guidelines.

**Services Include:**

- Translation in summary of Hebrew documents and meeting notes as needed.
- Regular communication with clients and/or their representatives in person, by phone or video conferencing.
- Detailed review of all plans and specifications.
- Regular submission of status updates including pictures and videos.
- Review and approval of payment requests submitted by professionals engaged in the project.
- Negotiation of costs and terms as is relevant.
- Acceptance of full responsibility for all work performed as part of the project covered by this agreement without the need to chase individual service and material providers for warranty or defect claims should they arise.

Planning and/or Permitting Fee: 32,000 NIS per month up to the planning being completed including construction plans and specs and/or permit application being submitted based on whichever is the later of the two.

General Contracting Fee: Billing is based on a cost-plus basis at a rate of 16.5% for all services (including engineers and consultants not engaged prior to the start of this phase of the project) and materials provided.

Notes:

- Work done at the property during the planning and/or permitting stage will be billed according to the terms based on a cost-plus basis at a rate of 16.5% for all services and materials provided and are not covered by the monthly retainer.
- Full-Time On-Site Manager(s) to be billed separately for the stages when it is relevant.

We look forward to a successful collaboration with you in planning and building a legacy project for you Am Yisrael to enjoy for generations to come.

*Fees do not include VAT.
